DOE Seeks Streamlined Rules For Hydrogen Infrastructure Development

The US Department of Energy has announced increased collaboration with stakeholder to reduce regulatory barriers to the development of hydrogen fueling infrastructure. [{more}](#)

Fairfax County's Next School Buses Could Improve Kids' Health And The Environment

By Jacob Fenston

The yellow diesel-powered school bus has shuttled generations of kids to and from school. But now some school districts are trying out electric, battery-powered buses, and you may see them on roads in our region in the not-too-distant future. [{more}](#)

Why Everyone Should Care About NOx

By Todd Mouw

Over the last few years, there has been a lot of discussion about NOx - or nitrogen oxides - and the negative impact it has on many levels within our society. The problem was brought to light in 2014 when West Virginia University released its report on Volkswagen diesel engines that significantly exceeded the allowable threshold for NOx. [{more}](#)

Donate Your Vehicle to VCC and Earn a Tax Deduction!

Virginia Clean Cities is a certified motor vehicle charity consigner! If you have a vehicle rusting away in your parking lot that you need to be rid of, and want a tax-deduction for it, we'd love to take it off your hands! [{more}](#)

Support VCC with a Monthly Contribution of \$10, \$25 or \$50

You can now support Virginia Clean Cities with a recurring monthly donation of as little as \$10. Your generous support helps VCC deploy EV charging stations, propane schools buses, and CNG transit vehicles. [{more}](#)
