## Attend the Chesapeake Idle Reduction Open House

Come tour the City of Chesapeake's new fleet maintenance facility and hear from VCC's Green Fleet Coordinator, Russel Presnell and Deputy Director, Matt Wade. This event will showcase the new facility and feature a panel discussion on best practices for idle reduction. Admission is free and area fleets are welcome to attend. Learn more and RSVP below.

## 2024 Virginia EV Infrastructure Survey

The Commonwealth of Virginia is investing \$106 million in federal funding over the next five years to install public electric vehicle (EV) charging stations. This funding, from the Federal Highway Administration's National Electric Vehicle Infrastructure (NEVI) Formula Program, will focus on direct current fast charging (DCFC) stations along alternative fuel corridors. To ensure that the new EV infrastructure meets the needs of all Virginians, we invite you to participate in our survey. Your input will help shape the future of EV charging in our state.

## The Town of Middleburg Receives DCFC Station

XCharge North America, a leading DC high-power and battery-integrated electric vehicle (EV) charging solutions provider, announced the installation of its C6AM solution in the town hall of Middleburg, Virginia. This deployment will benefit EV travel around the greater Washington, D.C., and Virginia areas and serve as the town's first DC fast charger (DCFC).
