Fleet Electric Fueling Open House at InCharge

Join VCC in partnership with InCharge Energy, the leader in fleet electrification charging solutions, and EV automotive manufacturer-partners for the Fleet Electric Fueling Open House on **September 20th!** Explore the world of electric fleet vehicles and fleet charging solutions. Interact with experts who can answer your questions and share best practices. While onsite, you'll have the opportunity to explore EVs and chargers, demo charge management software, take a tour and more!

Virginia Secures Funding from EPA Grant

Virginia's Department of Environmental Quality (DEQ) was one of 25 recipients of the Climate Pollution Reduction Grants (CPRG) Program. It is anticipated to receive \$99,999,999 for "Priority Methane Reduction Projects in Virginia," and will work to provide competitive grants for qualifying projects.
